Reviews

- The public can leave reviews (star rating + comment) of your business, which will be visible on the Reviews tab of your profile (subject to approval by Heaton's Essentials).
- The overall star rating of your profile is amalgamated from the average of the community reviews.
- You can log in and reply to comments at any time.

What We Offer

Dynamic Search Functionality

- Users can easily find your business, event and job listings by using the various filters on the Explore page.

QR Code System

- Our smart QR code system works to bridge the gap between the physical and digital world by allowing users to easily interface with shop listings as they navigate the Heatons. Utilising shopfronts maximises and improves customer interaction, presenting a quick and easy clean online profile.

Future Ambitions

- Our team is constantly looking to improve the platform. We already have a number of new features in the pipeline.
- We welcome suggestions for new features. We will do our best to incorporate suggestions in the upcoming releases of the platform. Please email suggestions to enquiries@heatonsessentials.co.uk
